

2022 Autumn Workshop

2 December 2022

The Financial Intermediation Network of European Studies (FINEST) is pleased to announce that its next workshop will be hosted by the Centre for Banking Research (CBR) at Bayes Business School (formerly Cass), City, University of London, on December 2, 2022.

FINEST workshops are small meetings with an in-depth discussion (from top scholars) of a limited number of high-quality papers with the aim of fostering discussion among academics, policymakers, and practitioners about the evolving challenges facing banks.

We expect to accept up to six papers for presentation and a set of research proposals (in the “early ideas” session) from young scholars. We invite submission of papers in all areas related to financial intermediation, including bank risk taking, regulation, supervision, financial stability, ownership structure and governance issues, Covid-19, market structure and competition, and FinTech.

VENUE:
